

Fish 6002 Course Review

What did you like or dislike about each aspect of the course? Did we spend enough time on each? Too little or too much?

Data Collection

Data Management

Data Display

Was this course too easy, too hard, or just right? If too hard – please be as specific as possible about how you feel it could improve.

Thoughts about the major project?

Was there anything missing that you would have liked to have covered?

What should be added?

What should be subtracted? (i.e. was there something you felt wasn't valuable?)

Any other thoughts?
